Client: Opal Aged Care

Andrew,

As the Architects for the Opal Aged Care – Rutherford Aged Care Facility - we wish to put on record that the Working Relationship during the construction program has been an extremely successful one, for all Stakeholders involved.

The quality of the construction throughout was extremely high, and the North Project Team worked diligently to maintain program and liaise on all issues relative to construction detailing and specified material usage to achieve the Architectural Design Intent. The North Project Team completed this development On Budget and within the Contract allotted period.

We would have no hesitation in recommending, or including, North Construction in any future Tenders, and look forward to working together as a Team in the future.

Thank you and all the very best to you and your Team.

Kind regards,

Gary John Garnett fraia
