To whom it may concern

### NORTH CONSTRUCTION

I have known about North Construction for over 15 years and have been working closely with them for over a year on a very important \$6m project for an NGO.

I recommended North as the preferred tenderer due to their professionalism and clear presentation of their bid.

Throughout the project North has maintained this high level of quality.

I have no hesitation commending them for complex medium to large projects where you want to reduce risk of mistakes and disputes.

I will be recommending them with confidence to many of my clients who want a trouble free experience with their contractor.

Please contact me at any time on [0414 816 550](tel:0414816550) for further information.

Yours faithfully
